About Our Company

Established in 2001, and ever since it has Jedar Construction began as a Landscape contractor in 2001 under the name of **AGROSCAPE** CONTRACTING COMPANY. Over the years the company undertaken many challenging projects and accumulated skills, know-how and experiences in design and build solutions, Infrastructure works, Water pumping stations, Golf course construction, Irrigation networks, pumping stations, Sanitary water lifting station, Lakes and fountains construction, Underground and elevated water tanks, Landscape and landscape maintenance projects and related engineering works. Today, Jedar Construction takes on the role of main contractor for medium to mega size projects and performs project management services to coordinates specialist trades for residential and commercial projects. We also provide design inputs and engineering solutions as value add services to our clients. Our objective is to provide our clients with an "I am assured" experience when we are chosen to execute their projects. Our emphasis on clear communication and follow through procedures ensures that client's objectives are top priority in the planning and execution of all our processes.

Our Vision

is to be one of the leading construction company in our chosen markets, sought after by potential clients and employees for our track record in reliable execution, cost effectiveness, and world class technical sophistication.

Our Mission

We are committed to differentiating ourselves by continuously increasing our expertise in executing large and sophisticated projects, Water plant facilities and infrastructure projects while maintaining a highly selective management process for every new project.

JCC will always operate at highest level of safety, quality and cost effectiveness, to ensure we remain the most attractive to our clients, employees and partners.

Our success comes from our people, who strive to continuously innovate, adapt to local markets, and hone their skills.

Through this strategy, JCC will continue to grow and increase profitability.

We Build for the future

Is considered to be one of the biggest landscape contracting companies in Egypt working in the field of landscaping. We are committed to provide, install, and deliver a high quality level, with suitable cost, and acceptable time frame service to our clients.

Considered to be honored to work with the good reputed owner's clients in Egypt and the middle east. Also, to be one of the few contractors short list.

CONSTRUCTION

OUR CORE BUSINESS

Jedar undertakes an extensive range of construction projects, highly experienced management and engineering teams work in close collaboration with clients, project managers and principal consultants from preliminary design to ultimate completion. We maintain a large modern fleet of plant and equipment including excavators, articulated dump trucks, dozers, graders, rollers, loaders and backhoes which provide operational efficiencies in the delivery of projects, which ultimately provides cost saving benefits to our clients. Projects include bulk earthworks, single stage and large multi staged sub divisional developments, industrial and commercial developments, sewer and water reticulation works, bridges, seawalls, major and minor infrastructure road works, retaining walls, car parks, airside airport apron and refuelling works, mining infrastructure and camp accommodation sites.

Our skills, knowledge, experience and personnel, combined with our pre-qualifications, and accreditations allow us to undertake a variety of works to provide innovative cost effective solutions to our clients. A system which is paramount to all our management, employees and sub-contractors. We are also nationally pre-qualified state funded infrastructure projects.

OUR MOST IMPORTANT ASSET

We believe that our most important assets are the people we employ. Our experienced and professional team include project managers, engineers, supervisors, health, safety and environment officers, surveyors and mechanical tradespeople, backed by a dedicated management and administration team. With a variety of project locations throughout Egypt, our employees have the flexibility to travel and develop their skills and knowledge on the variety of projects we undertake. Our experienced team members mentor our new employees to develop and guide them ensuring that our clients needs are met, while delivering projects that meet our accredited Quality, Safety and Environmental Standards.

TRAINING AND DEVELOPMENT

Being a leader in the industry is easy when you harness the drive and commitment of a talented team of people. We always encourage further training and development of our employees wishing to increase their skills, knowledge and expertise allowing progression through the company. We offer our employees the chance to learn from some of the strongest and most experienced teams and professionals in the industry, and to apply their skills and shine in their chosen field.

EDUCATION

Jedar encourages employees to further their education in areas such as civil engineering, surveying and estimating, mechanical, procurement, OH&S, logistics, accounting, human resources and marketing.

Our diverse plant range enables us to match the most suitable equipment to meet the needs of your job.

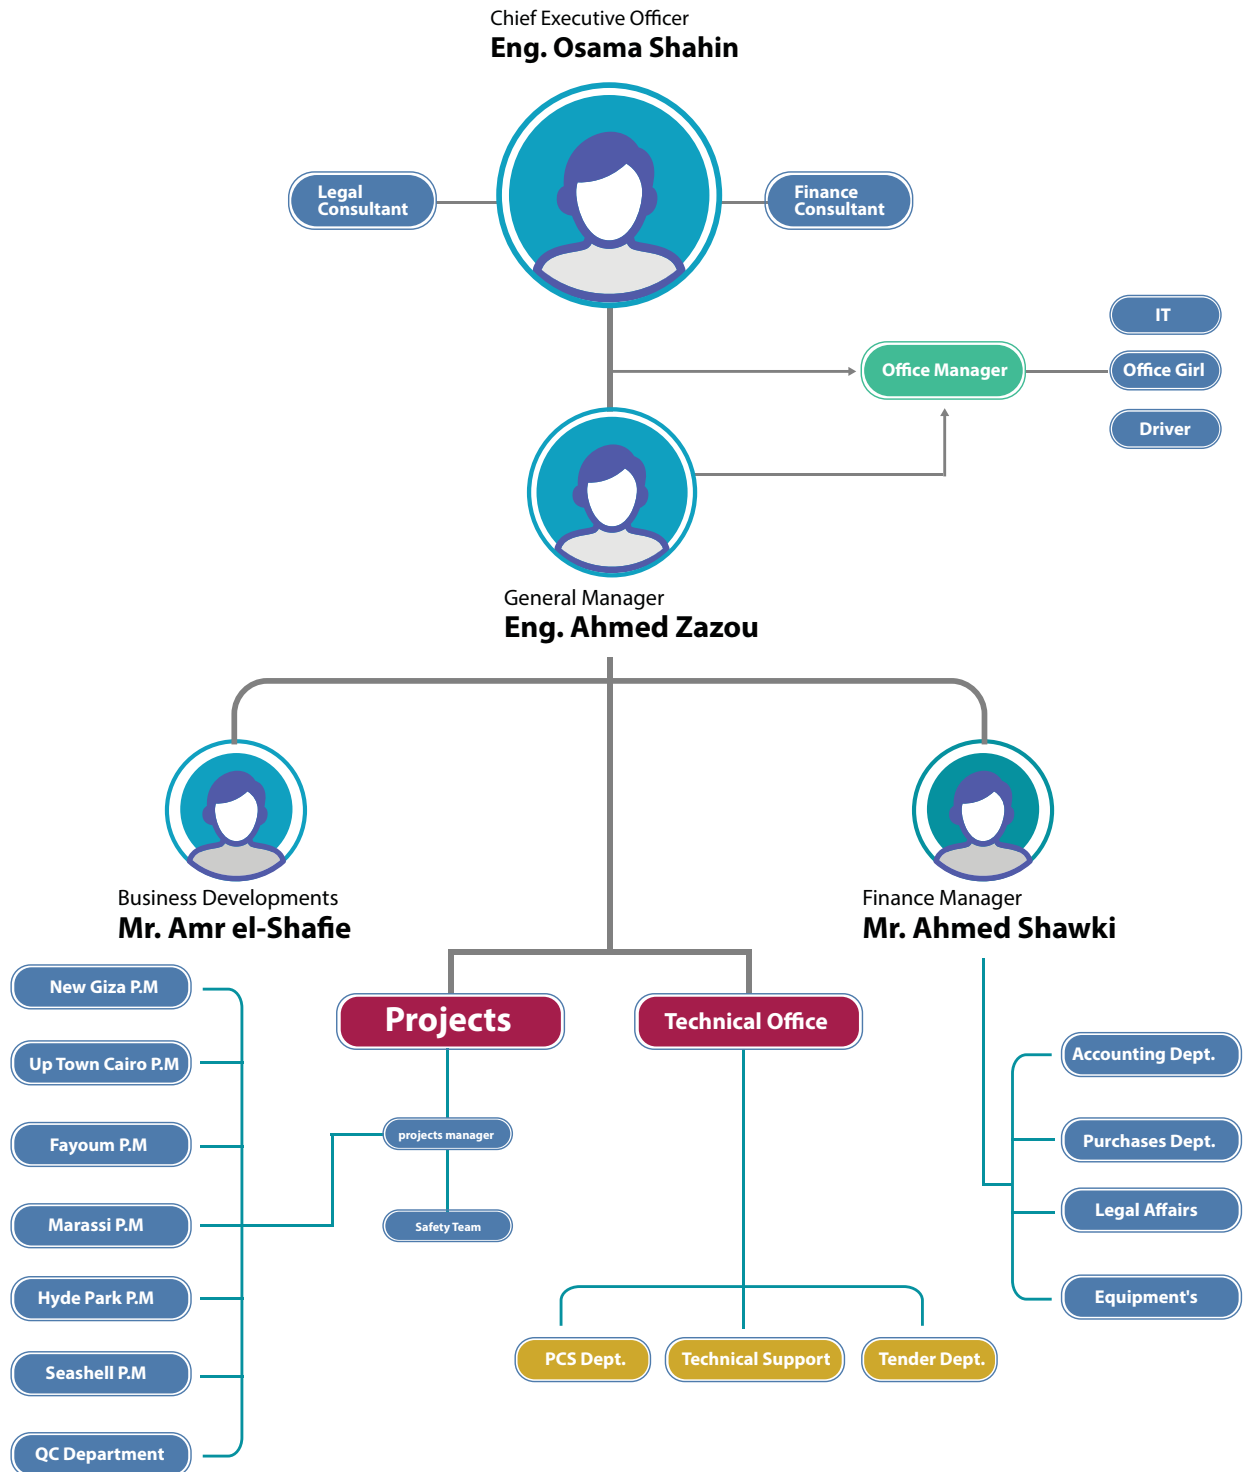

PLANT & EQUIPMENT

With our significant investment in plant and equipment we are fully resourced to meet the needs of our clients across a range of industries. Our operators are fully trained in the safe operation of our equipment, with only the most proficient personnel completing final trim works on projects.

We have grown to be a leader in our field because we build and nurture strong client relationships, we rise to any challenge and we value innovation and resourcefulness. We are committed to delivering a superior quality product in the shortest possible time frame maximising value for our clients.
