About Jedar

## ABOUT Jedar

Established in 2001, and ever since it has Jedar Construction began as a infrastructure contractor in 2001 under the name of Agroscape Company. Over the years the company undertaken many challenging projects and accumulated skills, know-how and experiences in design and build solutions, Infrastructure works, Water pumping stations, pumping stations, Sanitary water lifting station, Lakes and fountains construction, Underground and elevated water tanks.

Today, Jedar Construction takes on the role of main contractor for medium to mega size projects and performs project management services to coordinates specialist trades for residential and commercial projects.

We also provide design inputs and engineering solutions as value add services to our clients. Our emphasis on clear communication and follow through procedures ensures that client's objectives are top priority in the planning and execution of all our processes.

## WHO ARE WE

### Leadership

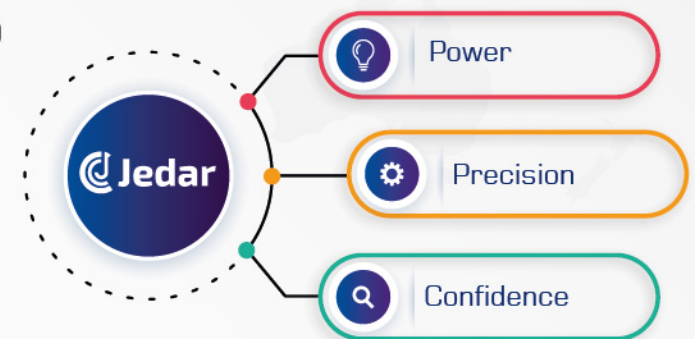

WE HAVE GROWN TO BE A LEADER IN OUR FIELD BECAUSE WE BUILD AND NURTURE STRONG CLIENT RELATIONSHIPS.

### Commitment

WE ARE COMMITTED TO DELIVERING A SUPERIOR QUALITY PRODUCT IN THE SHORTEST POSSIBLE TIME FRAME MAXIMIZING VALUE FOR OUR CLIENTS.

### Achievement

ACHIEVED MORE THAN 150 PROJECTS IN THE FIELD ALL OVER EGYPT

## Our Vision

is to be one of the leading construction company in our chosen markets, sought after by potential clients and employees for our track record in reliable execution, cost effectiveness, and world class technical sophistication.

## Our Mission

We are committed to differentiating ourselves by continuously increasing our expertise in executing large and sophisticated projects, Water planet facilities and infrastructure projects while maintaining a highly selective management process for every new project.

JCC will always operate at the highest level of safety, quality and cost-effectiveness, to ensure we remain the most attractive to our clients, employees, and partners.

Our success comes from our people, who strive to continuously innovate, adapt to local markets, and hone their skills.

Through this strategy, JCC will continue to grow and increase profitability.

## We Build for the future

Is considered to be one of the Lead Contractor infrastructures in Egypt  
We are committed to provide, install, and deliver a high-quality level, with suitable cost, and acceptable time frame service to our clients.

Considered to be honored to work with the good reputed owner's clients in Egypt and the middle east. Also, to be one of the few contractors shortlist.

## Infrastructure

We are one of the leading Contractor and Designer on the field of, Infra works, Roads and pump stations.

Over recent years we have expanded into the Egypt market executed several well known projects. We choose our partners with extensive qualifying criteria to ensure the highest level of quality is delivered to our customers.

## Roads

Jedar owns and operates its own quarries as well as an extensive range of mobile crushing and screening plant, It has the capability and experience to process a full range of road base and aggregate materials on site to our clients required specification, Quarry Solutions also has the capability to undertake dredging works and hydrotransportation to provide the total “quarry solution”.

## Facility Management

JCC provides complete Facilities Management services incorporating all trades.

These services include Maintenance, operation of Irrigation systems, landscape maintenance, MEP operation, and maintenance.

Due to the range of services/ trades and extensive market knowledge, JCC can meet the client's increasingly complex requirements with competitive practical solutions.

## MEP

JCC undertakes all activities relating to Electrical, Mechanical, and Plumbing works covering large and medium scale facilities such as Commercial Buildings, Industrial Buildings, Residential Buildings, Educational Institutions, and buildings for various Government Organizations.
